

COLCPE

DELEGATES:

Please bring your checkbook and your 4-digit USPS Personal Identification Number (PIN) to the convention. When your President or Secretary-Treasurer register with the Credentials Committee at the state convention, we will ask them to remind you to sign up for COLCPE with one of the COLCPE Committee members. It is important for you to get signed up on auto-deduction through your checking account or through the now extra third deduction from your USPS pay check; therefore we ask that you bring your checkbook and your Postal Identification Number with you to the convention. The COLCPE Committee members will be talking to those members at the convention, who are not wearing the COLCPE Champion button we will be handing out to all the current contributors. We need to set the example to all the members when we go back to our stations and cities as auto-deduct COLCPE contributors.

WITH YOUR HELP WE WILL MAKE A DIFFERENCE !

NO RAFFLE TICKETS OR COLLECTIONS – NEW DRAWING - This upcoming state convention we will not be selling any raffle tickets or taking up collections at the training classes or the convention floor for COLCPE. Instead we will be asking each and every single delegate to either start making automatic deductions to COLCPE or increasing the amount they already give, if possible. Every member in California who is on auto-deduction will have their name placed in a drawing for \$1000 First Prize and 2 Round-Trip Southwest Airline Tickets.

ELECTION YEAR - 2008 is a crucial year and everyone is watching the excitement being generated in the primary contests for President. However, the real race is still before us in November. Will you be an active participant and help working families regain control of our country or will you idly sit back and hope someone else will step up to Deliver America's Vote?

The NALC really needs your help to elect a new President. A President who will push back the Postal Service's plans to contract out your jobs, instead of one who embraces a low wage, no benefit workforce.

IN CLOSING – Again, **please bring your checkbook and your 4-digit USPS Personal Identification Number (PIN)** with you to the convention in LA. We have a COLCPE committee there during the entire weekend to assist you in enlisting in auto-deduction so you can join with us to protect our future by taking back America this November. **Thank You!**
